CNC Carved HDU

High Density Urethane (HDU) signs. Single sided signs are generally made from 1.5" thick HDU and double-sided signs are carved from 2" thick HDU, either may be as large as 4' x 8' and may have up to three layers at .20" depths. Please submit an EPS or vector file and we will reply back with a 3-D rendering similar to the one shown prior to production. Production time is typically 5 to 10 business days. Minor clean-up required prior to painting.

For best results prime unpainted HDU with Jay Cooke's primer and topcoat with 1Shot lettering enamels. Priced by the square foot, \$150 minimum.

Custom CNC Cut Letters & Forms

Cut any design you like from a variety of materials. Square inch pricing (below) includes the cost of the substrate. Some minor cleanup required.
